Category:Integrated development environments Category:Microsoft application programming interfacesHP EliteBook 850 G2: With an Excellent Wireless Experience The EliteBook 850 G2 is a superb choice for business travellers who want to be connected while on the move. The latest version of HP's business class tablet features a slim and elegant design that complements its stylish walnut interior. The EliteBook 850 G2 has a powerful Qualcomm® Snapdragon™ X10 dual-core processor, a fingerprint reader, and a 13.3" HD anti-glare display. In addition, the EliteBook 850 G2 offers excellent connectivity options and comes with a range of optional features to meet your business needs. Wide range of connectivity options and standard networking features The EliteBook 850 G2 is equipped with a range of connectivity options to facilitate your business communications. Thanks to the high-speed Intel® Centrino® N 6200 wireless and wired LAN, it has access to the internet, including GSM/CDMA cellular connections. The device is also equipped with a gigabit Ethernet port for wired connections. A webcam and dual microphones make it suitable for video conferencing applications. Better browsing experience with DuoView™ technology DuoView™ provides two 720p HD displays, so you can view two different documents at the same time. With a larger 13.3" screen, you can also watch movies, view social media feeds and websites, or do other tasks. Thin and lightweight design The EliteBook 850 G2 weighs only 1.2 kg and is very lightweight and portable. It has a slim design that makes it easy to carry around. It also has a rubberised surface and a rubberised keypad, which helps protect the surface of the device. Superb security 82157476af
